Remembering you Dad riding on that John Deer Tractor. You lived to be outside under that big blue sky. Never a minute was wasted, you found plenty to do. Simple things your garden, your cows, your pigs and your goats. It was worth millions to you. Things you said can never be replaced, some so funny we had to laugh. We lived to see what you would do next. We had special days and special times from just quiet rides in the car or rides on the tractor. What a man this Dad of mine. Just one last touch holding his hand and hearing his voice. This I do miss but now he's gone, no more to see, But I will just bet on a tractor he can be found. Just look around, his memories you will see and above all I know he is waiting JUST BEYOND THE MOON FOR ME!!! LOVE YOU ALWAYS AND MISS YOU DAD. YOUR LOVING Daughter Paulette & Glenn
