I was his daughter love how I was never mentioned at I was his born and was born and raised in California when he was a Marine un Camp Pendelton he was a great dad until he left to go back to Illions then I never really heard much from him again I saw him maybe 3 times after that I am grateful for the time and memories I do have but wish I could say I knew him better. I'm not butter just very sad things turned out as they did and will never understand why! Miss you dad always have! Since I was seven year old little girl. Sorry but that's how it is I can't say more about you cause I do not know more I rember mostly ridding in his truck cause my mom and him owned 2 big semis together and drove long haul. My mom says I was his and Arnold's pride and Joy! Maybe someday we will be reunited and he will explain the gaps!
