Joy Melvin here I was 1 of her 7th grade students almost 20 years ago Not much, but I do remember her trying to get me to like read more. But like you know, like the classic group project I remember it was like a mystery history kind of like book and it actually got me to say, like the time machine. And then she got mad at me, because um yeah, the ransom of a red chief book I watched the movie and didn't read the book. And I was quoting the movie, not the book I Did not like to read at all whatsoever i think she finds it funny that I end up becoming a teacher myself and she was honestly. What are the best teachers I ever had in my life up there with MRS. Vonny they were the best teachers I ever had
