“ To the Wolf family: I just received the Germans from Russia Historical Society newsletter, and it contained your dear mother's memorium. I am very sad to hear of her loss. We met through the Germans from Russia by way of our family connection (Beck/Voellm families ). We really enjoyed our correspondence and hoped to meet at a conference one day. She was a very sweet person and I will miss her. You are all in my heart and my prayers.

With my love and condolences, your cousin, Michelle Dunn

“ My prayers are with the family and friends who are sharing this loss. It was always a treat to spend time with Margaret (Muggie to us) and the family as we grew up. Family get-togethers were great fun and are a big part of my favorite childhood memories. Margaret loved family first and it shows in the adoration of children and grandchildren towards her. What a gift! Rest now. You are safe in the arms of God.

“ Since I heard of Margaret's (she will always be Muggie to me) passing, so many memories have come rushing back. Memories of swimming at the lake, picnicking by the lake, making s'mores, cheerleading all through high school, her serving as Matron-of-Honor at my wedding 53+ years ago, and just growing up together in Eureka, SD.

She was so proud of her family. The last time I heard from her she sent a picture of herself with all 5 of her children.

Muggie was a great friend, and I grieve with you, her passing.

God Bless You All,

Donna (Wolff) Chambliss

“ Margaret and Elaine were best friends in school and Margaret was her Maid of Honor. Elaine's parents died when she was young. Margaret's parents were always very good to her. She was a very dear friend. She is in very good hands. Our prayers are with your family.

“ Dear "Wolf Kids": I was so sad to read that your mom had died. She was such a sweet, sweet woman, and I hadn't seen her for many years. One thing I know hasn't changed - she loved her kids and it sounds like grandkids, too. I have so many happy memories of times spent at your house, when you were all kiddos, and I cherish them. Praying for you all in your grief.
